

COOKIE NOTICE - ORIGINS SOURCE INC.

Version 1.0

Last updated: April 16

We at Origins Source Inc. ("**Company**," "**we**," "**us**," or "**our**") use cookies, pixels, and other technologies (collectively, "**cookies**") when you visit or use our website at <https://origins-source.com> or our app PaLaLa (the "**Services**") to recognize your browser or device, learn more about your interests, and provide you with essential features and services and for additional purposes. This Cookie Notice explains what these technologies are and why we use them, as well as your rights to manage your cookie settings.

Why do we use cookies?

Some cookies are required for technical reasons in order for our website and app to operate and function; these are the "essential" or "strictly necessary" cookies. Other cookies also enable us to improve our services, and to track and target the interests of our users to enhance the experience on our website and app.

The essential features, services, and additional purposes our cookies are used for include the following:

- Allowing for our services, such as our website and app, to properly function
- Recognizing you when you sign-in to use our services. This allows us to provide you customized features, and services, as well as to display personalized content
- Improving performance and functionality of the services
- Preventing fraudulent activity
- Improving security
- Keeping track of your specific preferences and settings
- Keeping track of items stored in your cart for future products
- Conducting research and diagnostics to improve Origin Source Inc.'s content, features, products, and services
- Allowing us to measure and analyze the performance of our services.
- Delivering content, including ads, relevant to your interests

Managing cookies

You have the right to decide whether to accept or reject cookies, and to manage your cookie settings. You can exercise your cookie rights by setting your preferences in the Cookie Consent Settings. The Cookie Consent Settings allow you to select which categories of cookies you accept or reject. Essential cookies cannot be rejected as they are strictly necessary to provide you with services and use our website and app.

The Cookie Consent Settings can be found in the cookies popup and on our website. If you choose to reject cookies, you may still use our website though your access to some functionality and areas of our website may be restricted. You may also set or amend your web browser controls to accept or refuse cookies.

Third party cookies

Approved third parties may also use cookies when you interact with our services. Third parties may include search engines, measurement and analytics service providers, social media networks, and advertising/marketing companies. Third parties use cookies in the process of delivering content, including ads relevant to your interests, to measure the effectiveness of their ads, and to perform services on behalf of us at Origins Source Inc.

Read our Privacy Policy for more information about the types of information we gather, and how we collect and process this information.

Browser cookies

You can manage browser cookies through your browser settings. Exactly how you do this can vary from browser to browser, so you should visit your browser's "help" menu for more information.

If you block all cookies on your browser, neither we nor third parties will transfer cookies to your browser. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some features and services may not work.

Other tracking technologies

Cookies are not the only way to recognize or track visitors to a website. We may use other, similar technologies from time to time, like web beacons (sometimes called "tracking pixels" or "clear gifs"). These are tiny graphics files that contain a unique identifier that enables us to recognize when someone has visited our Websites or opened an email including them. This allows us, for example, to monitor the traffic patterns of users from one page within a website to another, to deliver or communicate with cookies, to understand whether you have come to the website from an online advertisement displayed on a third-party website, to improve site performance, and to measure the success of email marketing campaigns. In many instances, these technologies are reliant on cookies to function properly, and so declining cookies will impair their functioning.

Cookie Notice updates

We may update this Cookie Notice from time to time in order to reflect, for example, changes to the cookies we use or for other operational, legal, or regulatory reasons. Please therefore revisit this Cookie Notice regularly to stay informed about our use of cookies and related technologies. We will indicate at the top of the Cookie Notice when it was last updated.
